# MICHIGAN POHI CONFERENCE 1988

HILTON INN  
Lansing, MI  
November 10 and 11

You spoke! We listened.

And at our 1988-89 POHI Conference, we've addressed the interests and concerns you expressed in our statewide survey a year ago.

The result is a fact-filled, two day conference – November 10 and 11 – focusing on the professional development of Michigan's POHI teachers and teacher consultants.

Learn and discover more about the neurologically impaired students and how to help them and their families and grow professionally.

We've gathered an impressive roster of the most knowledgeable persons involved in helping those with neurological impairments. Acquaint yourself with the latest

in behavior and stress management, working with family members, career education, technology and recreation.

Plus, we've set aside time to renew acquaintances with colleagues and make new friends.

Take a minute now to review the program, and complete the conference registration form. Then, take advantage of the special, low rate offered conference participants at the Lansing HILTON.

**NOTE:** When making your hotel reservation at the HILTON, identify yourself as a member of the POHI Conference and take advantage of the discounted room rates.

We look forward to seeing you November 10 and 11 at the Lansing HILTON.

#### TO MAKE HOTEL ARRANGEMENTS:

A special room rate of \$50 ( for one or two person occupancy) is available at the Lansing HILTON for POHI Conference attendees. To make your reservation at the HILTON INN, phone the hotel reservation service at (517) 627-3211.
