Mini Sessions I (Each session listed below will repeat in Mini Sessions II except for E.)
Choose from the following:

A

Medication: What's New

Presenter: Dr. Edward Dabrowski, M.D., Children's Hospital of Michigan

Learn about traditional as well as new medications - their uses and possible side effects.

B

From Nothing to Something: Recreational Opportunities for People with Disabilities

Presenter: Cindy Gazi, Special Recreation Supervisor, Sterling Heights Parks and Recreation

What recreational resources are available to your clients/students? Learn how your community can start a program.

C

Latex Allergies and Anaphylactic Shock

Presenters: Bernie Hack, R.N., Children's Hospital Sue McIntyre, R.N., Macomb Intermediate School District

An update on latex allergies of both students and staff including ideas on reducing classroom and home exposure. Find out about interventions for reactions and anaphylactic shock. Includes hands-on EpiPen demonstration kits.

D

Switch Mounts Made Easy

Presenter: Judy Phelps, Occupational Therapist Wayne County RESA Assistive Technology Resource Center

A brief overview of commercial switch mount options followed by a hands-on introduction to design of CPVC switch mounts. Based on the work of Carol Goosens and Sharon Crain, this session demonstrates how CPVC pipe and fittings can offer an easy and inexpensive alternative to commercial products. Participants will make and take a sample switch mount.

Materials cost: \$5 per person at the door.

E

Classroom Strategies for POHI

Presenter: Bobby Anderson, Assistant Professor Eastern Michigan University

Strategies for teaching POHI students, focusing on grades K-8. Classroom materials and references will be shared.

This two-part session continues at 2:30 pm

F

Enabling Technology in the Classroom

Presenter: Robert F. Eilandson, Ph.D., Wayne State University

Dr. Eilandson will describe the project that is providing engineering resources and services to special education. Includes information on new and emerging technologies, technology transfer, and the design and development of non-commercially available enabling technologies.

2:15 - 2:30 pm

Break

2:30 - 3:30 pm

Mini-Sessions II - repeat of Sessions A, B, C, D and F). Session E is continued at this time.

E

Classroom Strategies for Teaching the SXI Student in General Education

Presenter: Bobby Anderson, Asst. Professor, EMU

The similarities and differences in teaching the SXI student in different environments. Sherry LaRosa and Roberta Thornhill, SXI teachers, will demonstrate augmentative language program with children's stories using Big-Map switches and the Hawk.

3:30 - 3:45 pm

Conclusion, Evaluation and CEU Check-out
